Gala Taurus T2745A - twin...

own weight is 420 kg.

The twin-axle construction is based on a welded aluminium. Important build elements include floor: aluminium Lohr sheet, tyres: 185R14C.

The twin-axle setup improves stability and load distribution during transport.

If you are interested in twin-axle car transporter Gala Taurus T2745A, check the technical details and contact Witmar about availability and pricing.
