Gala Taurus T2745S 14C -...

own weight is 510 kg.

The twin-axle construction is based on a welded, hot-dip galvanized steel. Important build elements include floor: steel Lohr sheet, tyres: 185R14C.

The twin-axle setup improves stability and load distribution during transport.

If you are interested in twin-axle car transporter Gala Taurus T2745S 14C, check the technical details and contact Witmar about availability and pricing.
