Indiana - twin-axle car t...

The product has cargo area dimensions 800x200 cm, payload 2530 kg, GVW 3500 kg, own weight 970 kg and 2 axles.

Important build elements include frame: high-strength structural steel, hot-dip galvanized; floor: 4 mm aluminium LOHR sheet with oval holes; tyres: 185R14C.

The twin-axle setup improves stability and load distribution during transport.

If you are interested in twin-axle car transporter Indiana, check the technical details and contact Witmar about availability, equipment and pricing.
