Niewiadow Sonda I - singl...

own weight is 390 kg.

The single-axle construction is based on a bolted, galvanized. Important build elements include floor: steel Lohr sheet (round perforation), tyres: 195R10C.

The single-axle setup keeps the trailer compact and easy to manoeuvre.

If you are interested in single-axle car transporter Niewiadow Sonda I, check the technical details and contact Witmar about availability and pricing.
