Gala Taurus T8535A - thre...

own weight is 670 kg.

The three-axle construction is based on a welded aluminium. Important build elements include floor: aluminium Lohr sheet, tyres: 185R14C.

The three-axle setup improves stability when carrying heavier vehicles, machines or cargo.

If you are interested in three-axle car transporter Gala Taurus T8535A, check the technical details and contact Witmar about availability and pricing.
