Gala Taurus T8535S - thre...

own weight is 850 kg.

The three-axle construction is based on a welded, hot-dip galvanized steel. Important build elements include floor: aluminium Lohr sheet, tyres: 185R14C.

The three-axle setup improves stability when carrying heavier vehicles, machines or cargo.

If you are interested in three-axle car transporter Gala Taurus T8535S, check the technical details and contact Witmar about availability and pricing.
