Wiola L35G85 13C - three-...

own weight is 1050 kg.

The three-axle construction is based on a welded, hot-dip galvanized steel. Important build elements include floor: aluminium Lohr sheet, tyres: 195R13C.

The three-axle setup improves stability when carrying heavier vehicles, machines or cargo.

If you are interested in three-axle car transporter Wiola L35G85 13C, check the technical details and contact Witmar about availability and pricing.
