Wiola Uchylna L35G65P - h...

own weight is 1030 kg.

The three-axle construction is based on a welded, hot-dip galvanized steel. Important build elements include floor: aluminium panel, tyres: 195R10C.

The three-axle setup improves stability when carrying heavier vehicles, machines or cargo.

If you are interested in heavy duty three-axle trailer Wiola Uchylna L35G65P, check the technical details and contact Witmar about availability and pricing.
