Wiola Multitrailer 3.0A -...

materials and heavier business transport.

The product has cargo area dimensions 410x210 cm, GVW 3000 kg, own weight 692 kg and 2 axles.

Important build elements include frame: structural steel, perforated, bent, welded, hot-dip galvanized; floor: aluminium panels, platform; tyres: 195/55R10C.

The twin-axle setup improves stability and load distribution during transport.

If you are interested in heavy duty twin-axle trailer Wiola Multitrailer 3.0A, check the technical details and contact Witmar about availability, equipment and pricing.
