Wiola dluzycyca ramowa DR600...

PRODUCT DESCRIPTION

Long-material frame trailer Wiola dluzycyca ramowa DR600 1N is designed for long material transport such as pipes, profiles, timber and structural elements.

The product has cargo area dimensions 592x132 cm, GVW 750 kg, own weight 420 kg and 1 axle.

Important build elements include frame: structural steel, perforated, bent, welded, hot-dip galvanized; floor: standard version without plywood, cross reinforcements only; sides: made of aluzinc sheet 1 mm high 380 mm,; tyres: 155/70R13.

The single-axle setup keeps the trailer easy to manoeuvre and convenient for everyday use.

If you are interested in long-material frame trailer Wiola dluzycyca ramowa DR600 1N, check the technical details and contact Witmar about availability, equipment and pricing.
