Wiola dluzycyca ramowa DR60...

PRODUCT DESCRIPTION

Long-material frame trailer Wiola dluzycyca ramowa DR600 2.7H is designed for long material transport such as pipes, profiles, timber and structural elements.

The product has cargo area dimensions 592x132 cm, GVW 2700 kg, own weight 505 kg and 2 axles.

Important build elements include frame: structural steel, perforated, bent, welded, hot-dip galvanized; floor: standard version without plywood, cross reinforcements only; sides: made of aluzinc sheet 1 mm high 380 mm,; tyres: 185R14C.

The twin-axle setup improves stability and load distribution during transport.

If you are interested in long-material frame trailer Wiola dluzycyca ramowa DR600 2.7H, check the technical details and contact Witmar about availability, equipment and pricing.
