Wiola dluzycyca ramowa DR60...

PRODUCT DESCRIPTION

Long-material frame trailer Wiola dluzycyca ramowa DR600 2H is designed for long material transport such as pipes, profiles, timber and structural elements.

The product has cargo area dimensions 592x132 cm, GVW 1300 kg, own weight 460 kg and 2 axles.

Important build elements include frame: structural steel, perforated, bent, welded, hot-dip galvanized; floor: standard floor without plywood, cross reinforcements only; sides: 1 mm aluzinc sheet, 380 mm high; tyres: 155/70R13.

The twin-axle setup improves stability and load distribution during transport.

If you are interested in long-material frame trailer Wiola dluzycyca ramowa DR600 2H, check the technical details and contact Witmar about availability, equipment and pricing.
