Wiola Kujawiak standard I...

and own weight is 180 kg.

The single-axle construction is based on a welded, hot-dip galvanized steel. Important build elements include floor: 9 mm plywood, tyres: 155/70R13.

The single-axle setup keeps the trailer easy to manoeuvre and convenient for everyday use.

If you are interested in light single-axle trailer Wiola Kujawiak standard ID210, check the technical details and contact Witmar about availability and pricing.
